Volume XV

ev-er dwells and when we bid our fond farewells,

love for thee will ever be, from now till e-ter-ni-ty.

Hail to Our Colors Orange and White

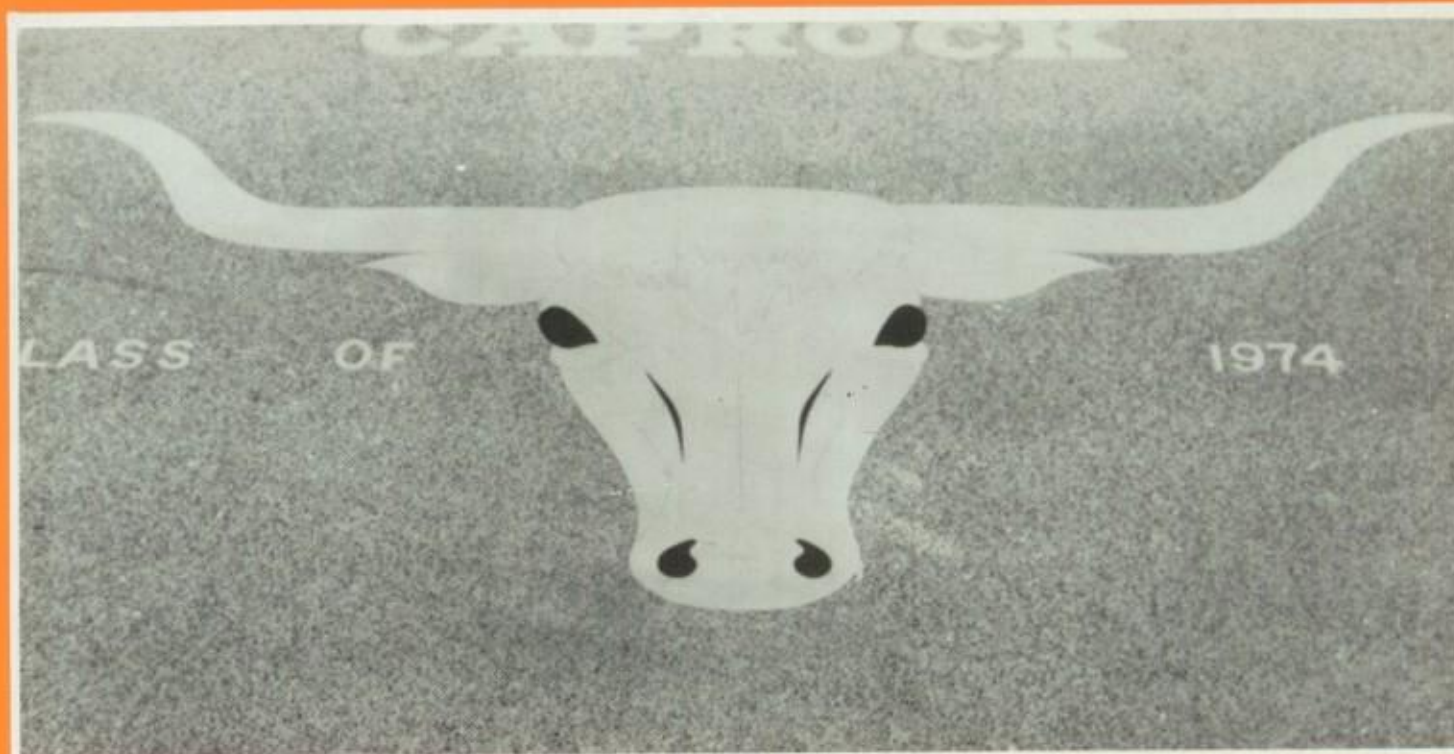

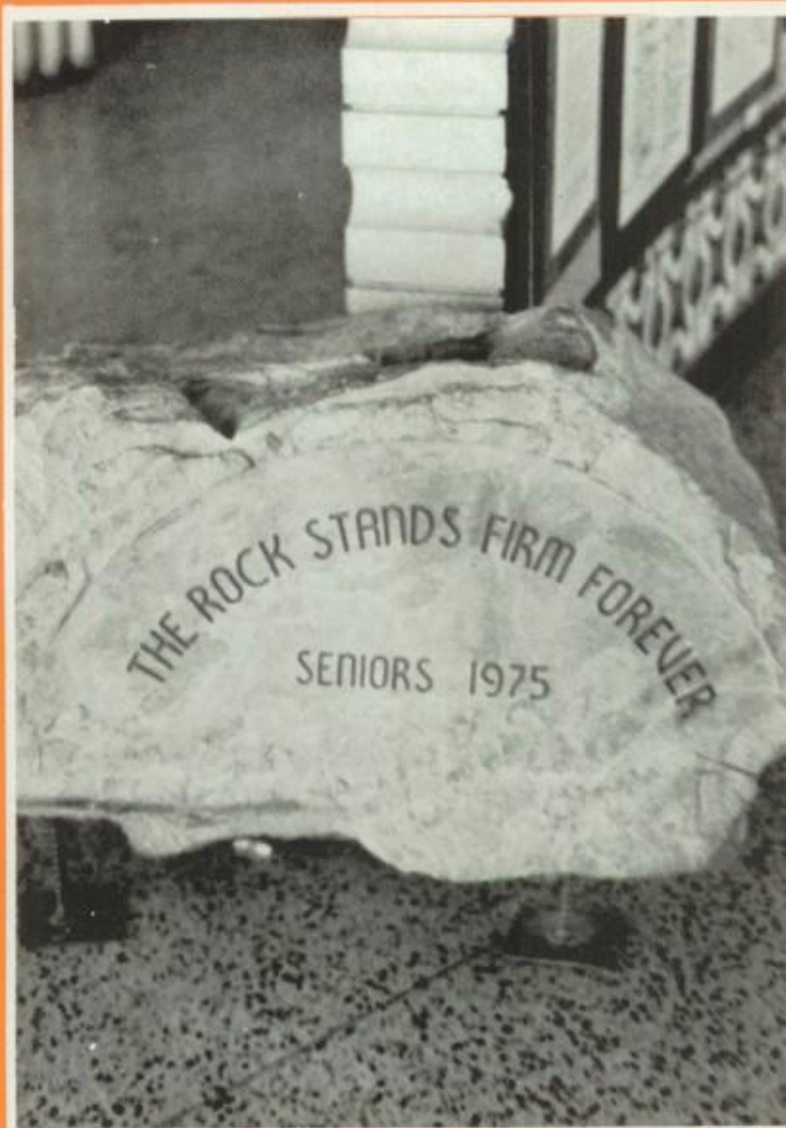

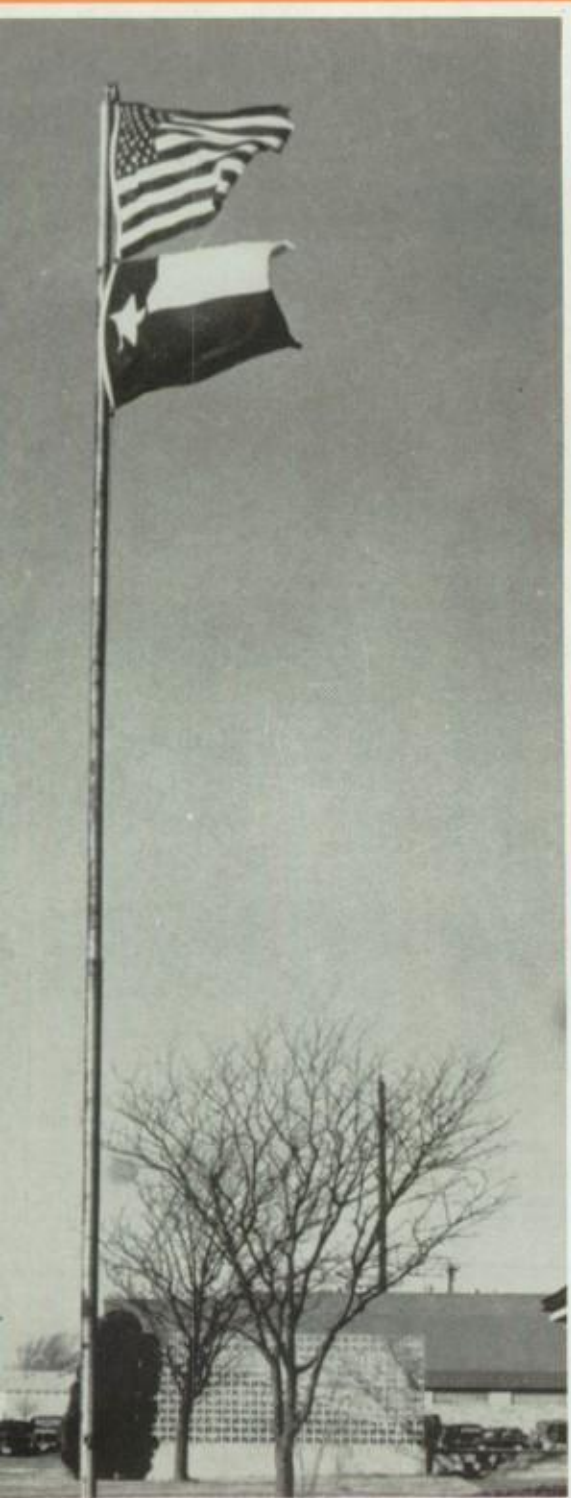

Whether found on a spirit ribbon, the auditorium, or on the cover of the **La Saga**, the spirit of the orange and the pride of the white will always be remembered by those who pass through this great school.

Victory and Honor Glory Might

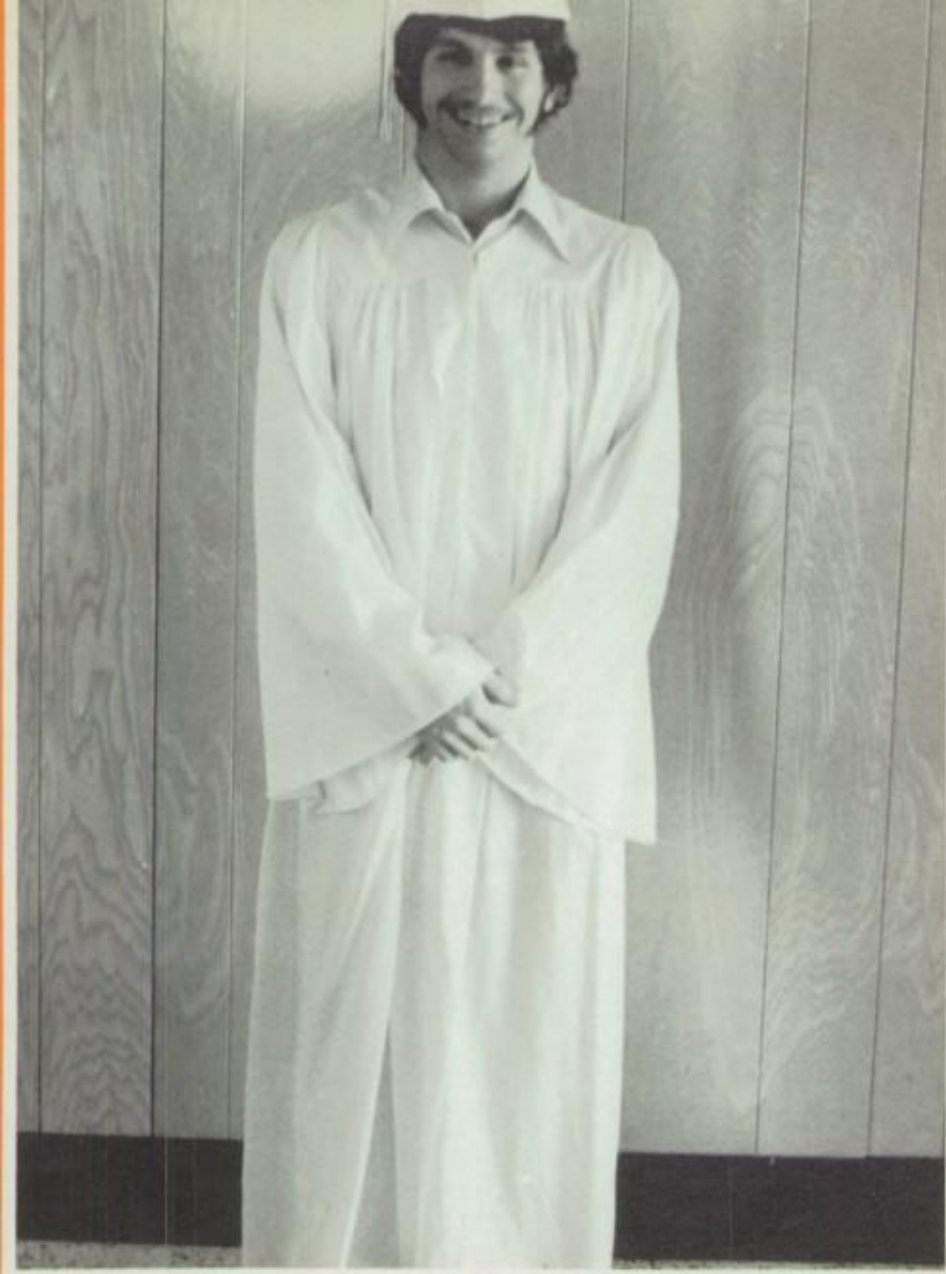

Whether the victory be in sports, drama or UIL contest; whether the honor means being named Longhorn of the Month, class favorite or all-district; glory shines on all those who are a part of Caprock.

Our Schools Banner Waves Unfurled

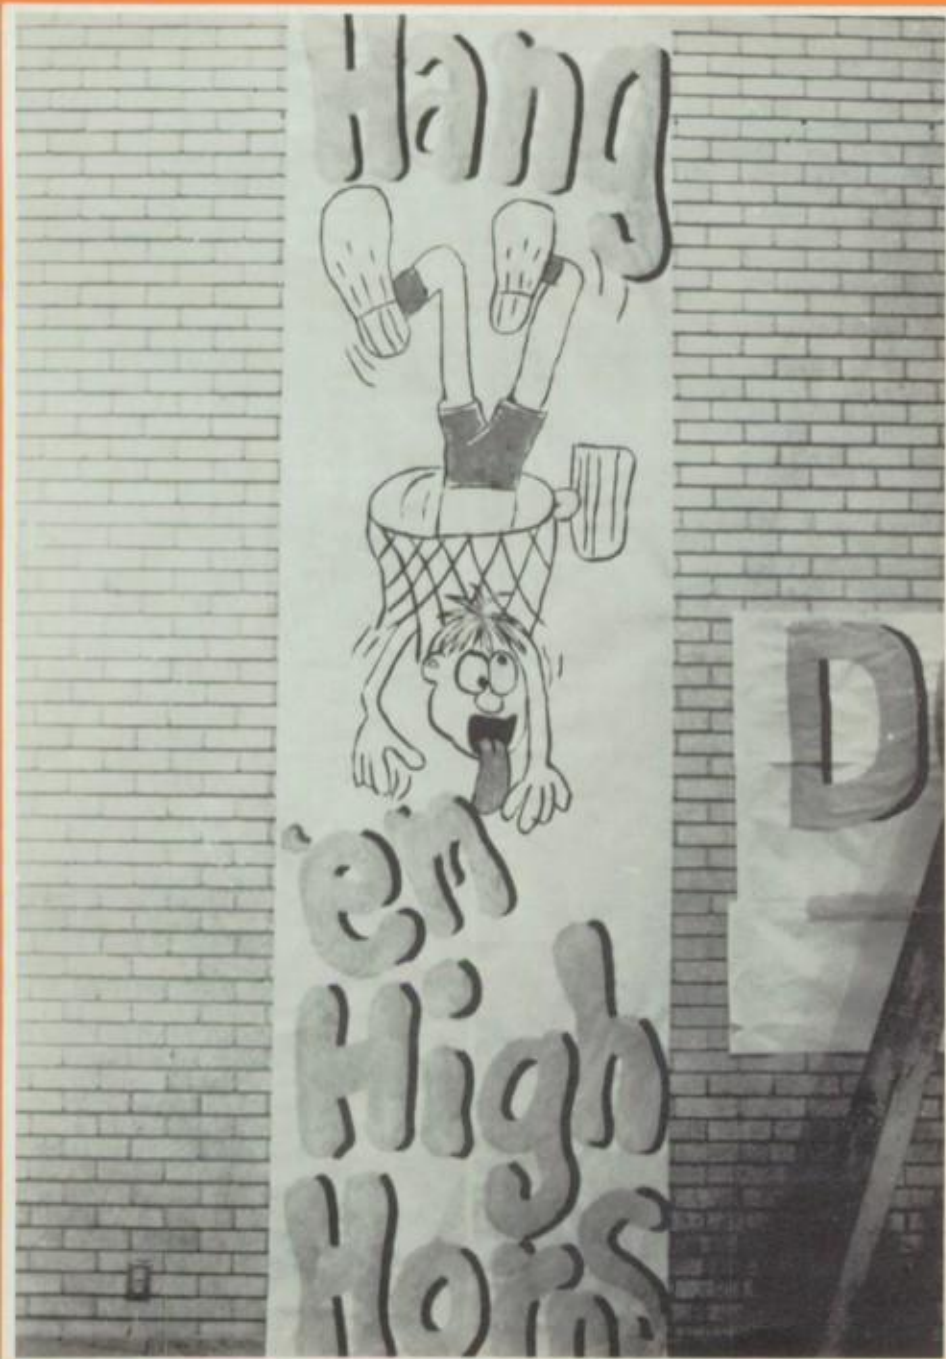

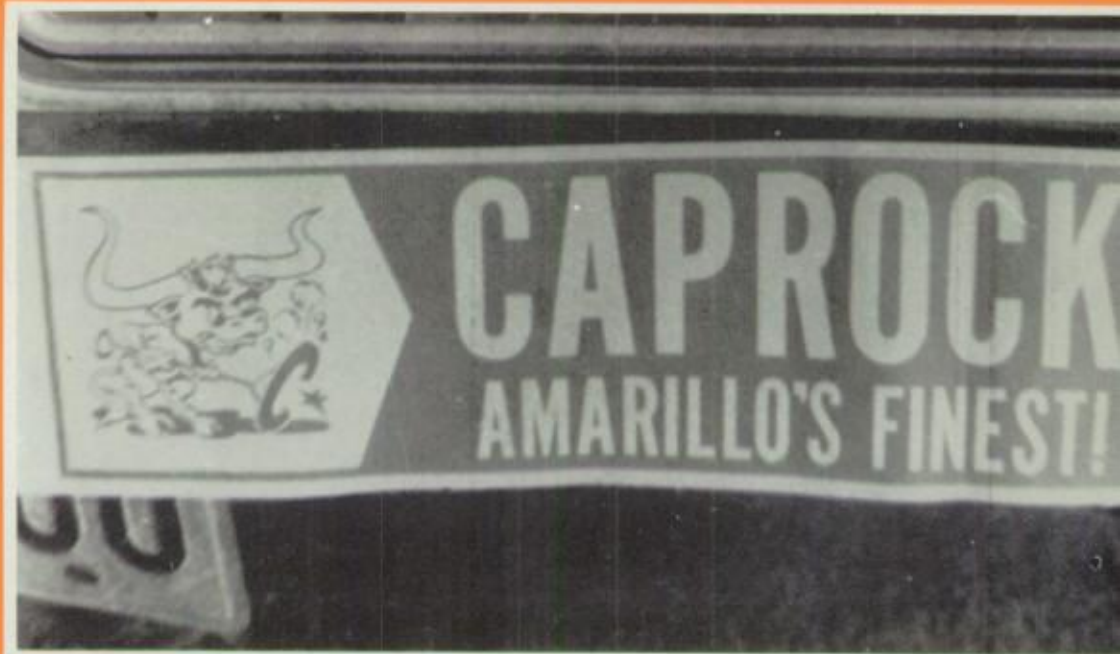

As the year grows so does the unity of all of us at Caprock High School. Each one of us is a unique individual representing Caprock and its many banners.

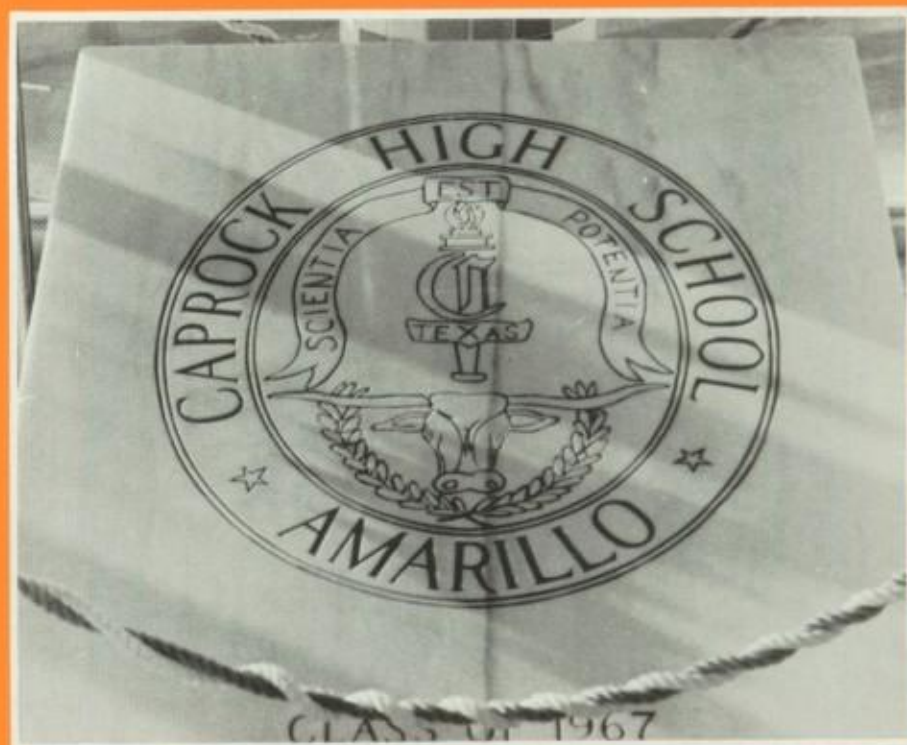

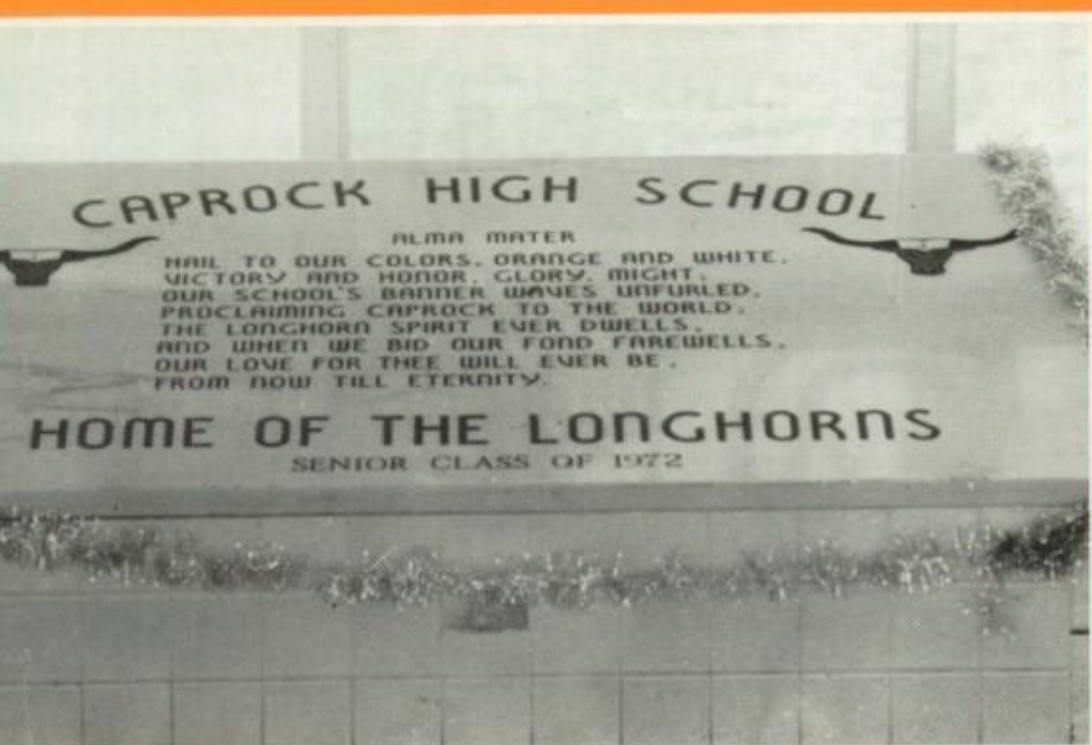

Proclaiming Caprock to the World

All true Longhorns are proud of Caprock and its many achievements. Many show their loyalty by wearing letter jackets, placing Caprock bumper stickers on their cars and representing Caprock through participation in various activities.

The Longhorn Spirit Ever Dwells

The spirit that prevails at the pep rallies continues throughout the hearts of fellow students. Everyone works together to help make Caprock the best spirited school in this region.

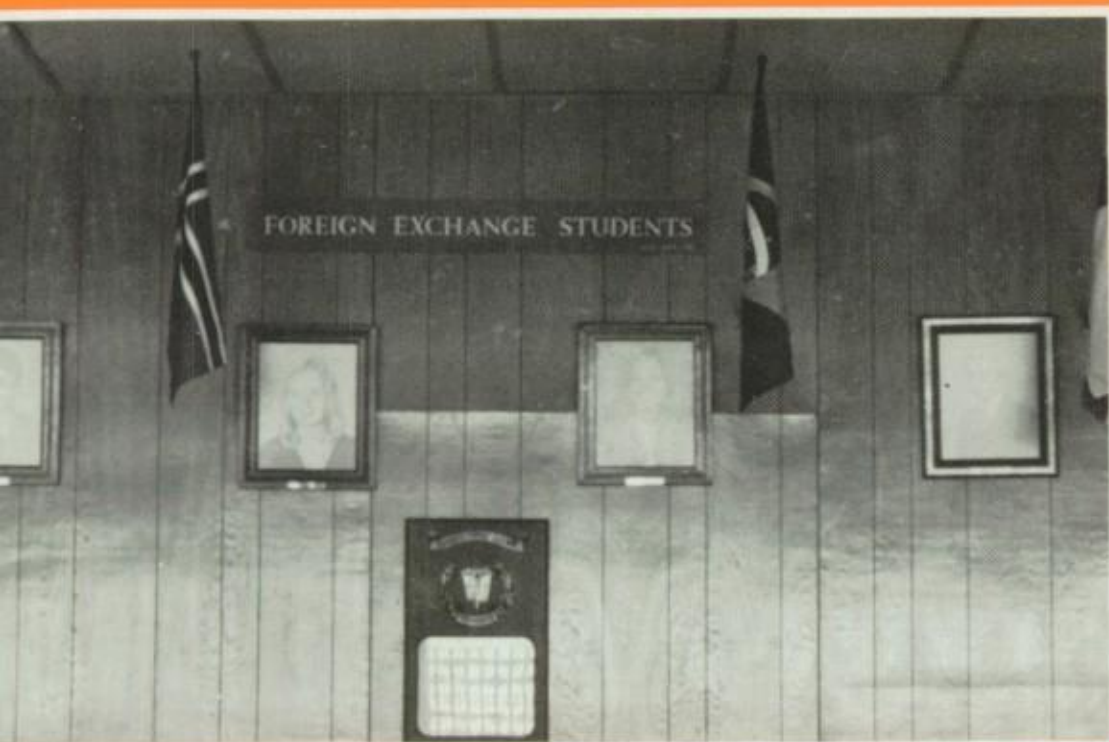

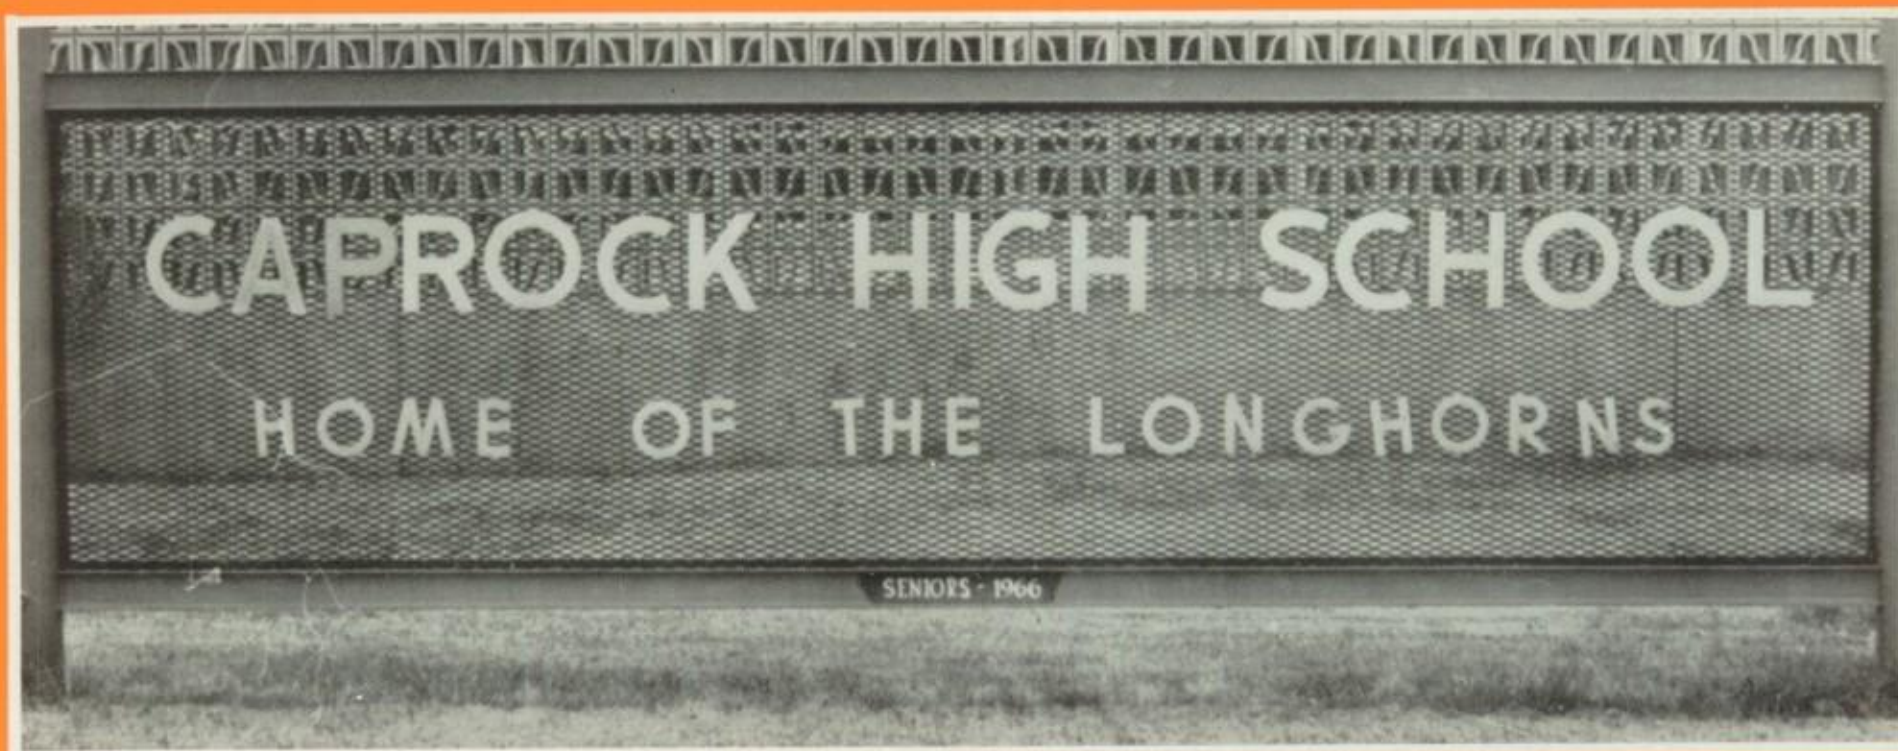

And When We Bid Our Fond Farewells

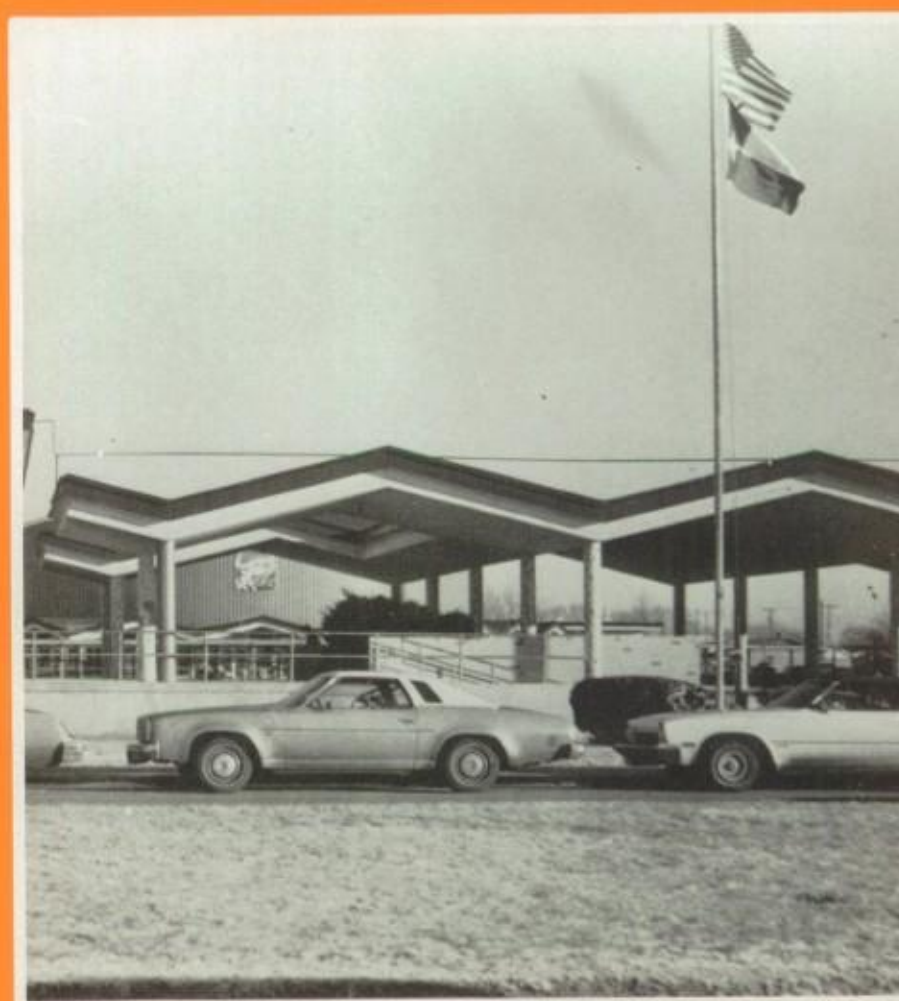

Cherishing the memories of Caprock will always be a part of our lives, as well as the student participation that emphasized the true meaning of the words "Spirit of Orange and White".

Our Love for Thee Will Ever Be

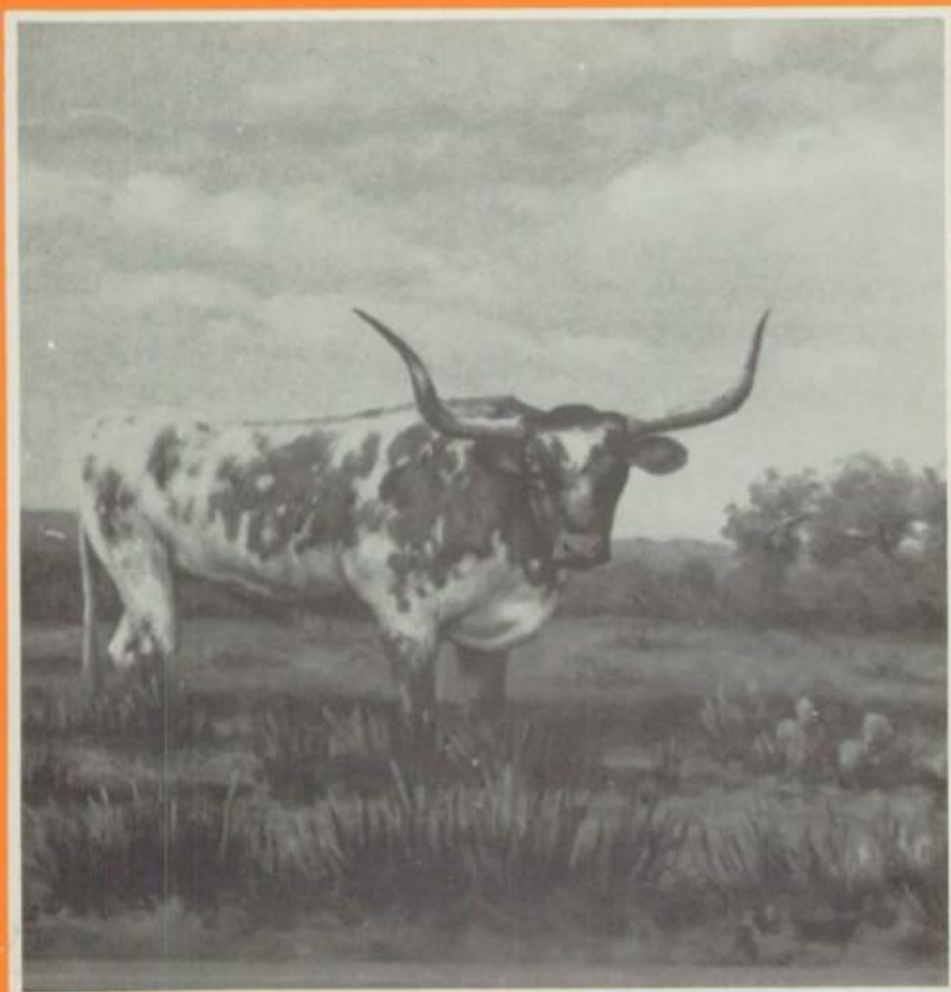

We will remember the special activities and events that were the fibers which made our school days successful and memorable.

From Now Till Eternity

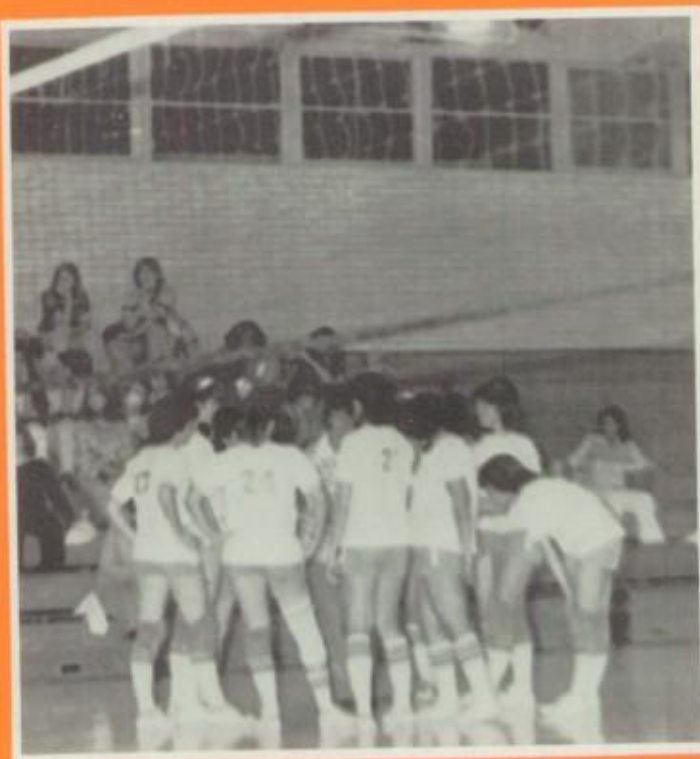

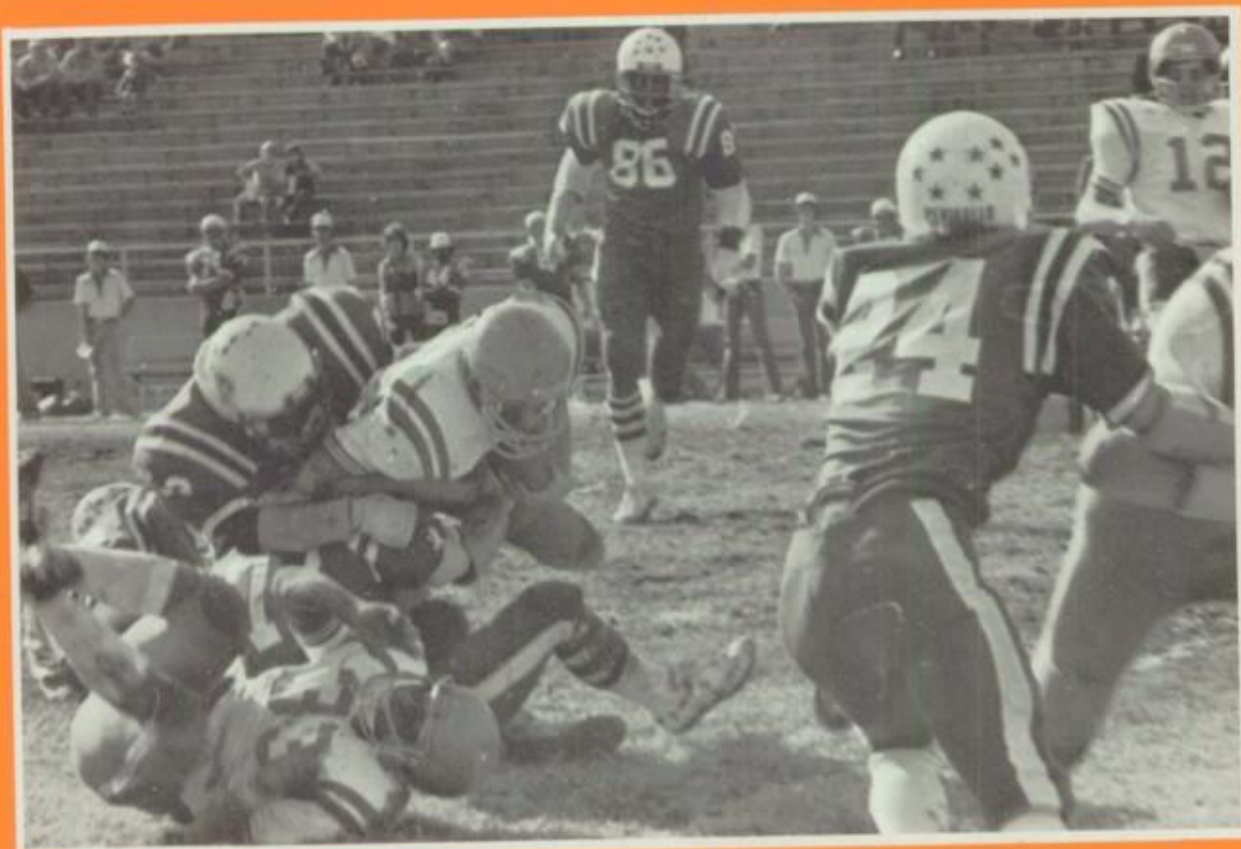

During victory or defeat the pride, spirit, and determination will remain at Caprock forever because we are the mighty Longhorns.

Holiday Cheer Brightens Faces

Cheerful smiles and happy faces were welcomed to Caprock on Dec. 15 during the Christmas assembly.

Children from the High Plains Children's Home and the Children's Cottage were met by their Student Council representatives and were introduced to each assigned homeroom.

The student body of Caprock then met in the auditorium for the entertainment, receiving of gifts, and of course the arrival of Santa Claus and his elves. After the presents were opened Student Council President Nancy Brents presented the amount of money collected and the number of cans donated.

We beat last year's totals by compiling 5,049 cans and \$1,342.00 for the children's fund.

Places We Will Remember

As we look back, we will remember the activities and events that took place at Caprock.

We will also remember the places we visited and the fun times we had.

Whether it was sad, happy, or serious moments, we backed up our alma mater with pride.

As we grow older, the memories of special places and thoughts will remain in the back of our minds.

Fads, Styles and Modes

During the 50's the fads included pony tails, letter sweaters, bobby socks, duck tails and sock hops.

But in the 60's we went to more fashionable modes such as mini skirts, pegged legs, flat tops, teased hair and the Twist.

And now in the 70's the styles are fashion jeans, natural looking hair, cuffed pant legs and disco dancing.

(1) Sherrie Smith, Denese Cox, Cheri Halford, and Susan Ledbetter display the latest hairstyles; (2) Dyann Murdock and Helen Lara show another fad, cuffed pant legs; (3) Seniors Tami Norton and Lisa Deputy show their rabbit coats; (4) Sport cars are very popular now as junior, Glenda Jones demonstrates; (5) Denim was the look for the 70's. Seniors Dyann Murdock, Lisa Deputy and David Johnson show off their levis.

What Do You Do After School?

This question may range to such answers as going to a sports event, to eating at the Pizza Hut.

Whatever we do after school or on weekends, we engage in extra curricular activities that revolve around the kind of surroundings we were brought up in.

Each graduating class will cherish the good times they had whether it was just cruising around or acting silly.

Sing a Song

The 1978-79 Caprock High School choir is a well known choir in town. Many times during the year the choir has visited several schools and three of the banks. They also joined the other three high schools for an evening of entertainment as the Christmas lights downtown were lighted. The choir also had the honor of singing for a camera from KAMR-TV. The year as always has been a busy one for the choir and much pleasure was given as well as received.

DECA Students Work Hard

The Distributive Education Clubs of America for 1978-79 took on an attitude of hard work and hard play. The students involved in DECA worked hard in their classes as well as on the job. Their jobs ranged from working in specialty shops to different departments in a large store.

they did, the students realized and deserved the hours given to relaxation and fun. The members planned many activities for the entire group to participate in.

Thespian Society: a Part of Drama

Tense muscles, nervous laughs, and much movement is a small part of what happens before the curtain goes up and the Caprock student body, faculty, and families enjoy a well produced play or skit. Mr. Jerome McDonough and the Drama students of 1978-79 spent many hours of hard work to make an extremely difficult job look easy.

"The Man Who Came to Dinner" is just a sample of the fine work given by the Drama Club. Other skits and small plays are given during the year for Caprock students.

Longhorns Finish a Strong Second in District

The 1978-'79 edition of the Caprock Longhorns finished their season with a 4-5-1 record. The Longhorns who were ranked last in district polls proved they were better by defeating Pampa, Tascosa, and coming to a 7-7 draw with pre-season favorite Palo Duro, to barely miss first place in district.

Jim Roper on offense and Bill Weatherholt on defense were the only varsity Horns named to the 3-AAAA all-district first team.

Named to the second team on offense were Winford Hodge, Weatherholt, Jerry Dockery and Bobby Short. On second team defense were Roper, Greg Mayes, Jeff Miller, and Hodge.

Longhorn spirit ruled most of the season with large crowds backing our team.

This year's team showed they believed by never buckling even after a disappointing 38-6 loss to Amarillo High.

McQuoid: The Schools in Ireland Are Harder

According to senior Grace McQuoid, Irish schools are different from American schools because of Ireland's larger population. Children begin school at four or five years old.

During the last year in elementary school (sixth grade), students take a test. Students then go on to trade schools or more academic schools.

"The schools in Ireland are a lot harder because most of the courses are required," said McQuoid.

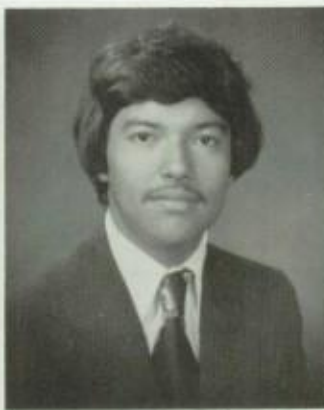

McQuoid lived in Ireland until her family moved to Amarillo in 1976.

She said Americans are more outgoing.

Because of all the violence in Ireland, shoppers must be searched before going into stores. Most people walk when going downtown because many cars are bombed if they are left parked on the street.

109 Faculty Members Keep Caprock Running

"You have five days to make up this test." "There will be a Hi-Tri-Y meeting in the morning in Mrs. McPherson's room." "Mr. Roan needs to see the following Industrial Arts Club members after the announcements." "A 30 minute detention! But I was only TWO minutes late to class."

Most students see faculty members as that person behind the desk with the grade book. Others see the faculty as the person who sponsors their club, or gives out detentions.

While all of these things are true, other jobs are also taken care of by the faculty.

One hundred and nine Caprock faculty members perform duties ranging from answering the phone to running off stencils to fixing schedules to teaching biology to taking roll to making announcements to sponsoring FTA to attending assemblies.

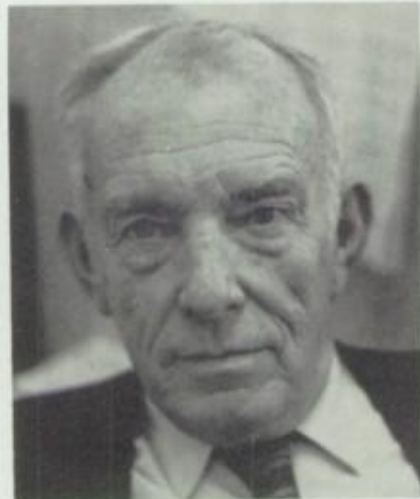

This list could go on and on. The work is never ending for a teacher who must plan lessons, teach class, grade papers and sponsor activities. Somehow each one has a supply of energy hidden away for those times when things can get trying.

Get your dreams off the ground.

Our Beech Aero Club is ready to help you get into flying, now. You'll have all the conveniences of an aircraft owner even though you're not ready to own an airplane.

Nationally, the Beech Aero Club is a growing network of professionally managed clubs that help you put it all together, flying, family and fun.

At our club, you'll enjoy flying Beechcrafts, the finest airplanes in the world; including the Beechcraft Sierra, the Beechcraft Sundowner and the Beechcraft Sport.

These airplanes can speed you to family adventures, or on business trips, two to three times as fast as the 55 mph highway speed limit. And with better gasoline mileage than most standard size cars.

What's more, you'll be flying meticulously maintained airplanes, under the care of factory-trained mechanics.

Our Beech Aero Club is managed by a club "pro" who maintains an active program for our members, and who is a knowledgeable travel advisor.

We are proud of our flight training operation, as well. We have skilled flight instructors and the most modern ground school techniques, using the latest audio/visual training aids.

Beech Aero Club membership is national. So, after you join our club, you'll be able to enjoy the special privileges and rates at more than 95 club centers in America.

Call us for more information. And get your dreams off the ground today.

Memberships as low as \$99 per year.

As this yearbook comes to an end, we will remember our friends, teachers, and special places.

We reflect upon the good times and sad times we had and the fulfilling moments that will stay with us always.

As we treasure the memories of 1978-79 we will come to realize the love and fondness we had for our school.

We, the staff, would like to dedicate this yearbook to our alma mater, Caprock High School.

The 1979 La Saga, Caprock High School yearbook, was printed in Dallas, Texas by Taylor Publishing Company. All copies of the 800 copy press run were printed on 70 lb. matte finish enamel paper. The cover is a thermo screen process using two colors, orange and white. Headlines were set in Palatino Bold with body copy being set in News Gothic 8 pt., 10 pt. and 12 pt.

The 1979 cover was designed by senior Kim Keesee, an indus-

trial arts student.

Portraits in the class section were taken by Fred Potter of Fred Potter Studios. Other photographs were taken by publications staff photographers Randy Caddell, Dante Cervantez, Bryan Colbert, Mike DeArmond, David Johnson, Dyann Murdock and Charles Stuart.

Advertising rates for the La Saga are: full page, \$100; one-half page, \$80; and one-fourth page, \$60. Advertising is sold in

conjunction with the other three public high schools in Amarillo.

The La Saga covers the school year from Aug. 24, 1978 through Feb. 9, 1979.

La Saga holds membership in the Panhandle High School Press Association, Texas High School Press Association and Interscholastic League Press Association.

Taylor Publishing Company's representatives are Floyd Hobson and Doug Altom. La Saga advisor is Luinda Verden.
